AMERICA'S LUXURY HOME BUILDER®

All guests are invited to tour the Laura-Louise House at the conclusion of the Groundbreaking to learn more about Youth For Tomorrow's programs and services.

Youth For Tomorrow, an organization started in 1986 by Joe Gibbs, former Washington Redskins Head Coach, provides housing, education, and clinical services to boys and girls (infants-19 years old).

The construction will result in an estimated **\$480,000 investment in the community** and through its Builder Captain and trade partners, HomeAid will obtain a **cost savings of 50 percent** of the total retail construction costs! The savings will allow Youth For Tomorrow to invest more money in the programs and services which will make a lasting difference in the lives of the children in its care.

BIG THANKS to the trade partners, manufacturers, suppliers, and others participating in this important project!
